About PARSA:

About PARSA:

PARSA's mission is to train and develop Afghan leaders who support Afghan communities and civil society by providing and facilitating innovative and impactful programs. PARSA envisions an Afghanistan led by committed Afghan leaders who are dedicated to and capable of caring for all members of society. PARSA has been working at the grassroots level in Afghan communities since 1996. We have consistently evolved over the years to meet the changing needs of the people we support. We believe strongly in empowering visionaries who want to make positive changes in Afghan communities, and the programs we take on are led by a PARSA leader with a vision.

ADDRESS ADDRESS AND DE REGERIO DE DECERIO DE DE DECERIO DE DECERIO

Job Description:

Are you ready to reconnect with your community and develop skills that will help you make a positive impact in Afghanistan while working to set a pathway for yourself to economic independence? Brothers 4 Brothers International is offering a unique training opportunity for Afghan men who want to build on their experiences in Europe and leverage those skills to contribute to Afghan society. Through this program, participants will receive targeted training, mentorship, and support to help them reintegrate into Afghan society, use their knowledge and experiences in meaningful ways, and work towards a pathway to economic independence though employment or entrepreneurship training.

Ideal Candidate Profile:

This apprenticeship is ideal for individuals who are motivated to connect with a community, develop meaningful skills, and seek support in navigating the challenges of reintegration. We are looking for participants who are eager to develop professionally and personally, committed to contributing to their communities, and motivated to take accountability for their own success. Successful participants will demonstrate dedication to the program and a strong drive to apply the skills and knowledge they gain. Candidates should be ready to engage in a collaborative environment, willing to learn and contribute, and open to being part of a structured development process.
