About Comfort aid international:

Comfort Aid International serves humanity by partnering with globally established charitable organizations to bring aid relief to those in need.

Although ComfortAid actively supports many global humanitarian projects, our focus and priority has been and will remain education. Literacy and knowledge are the only solutions out of poverty, intolerance, and extremism. Quality education levels the playing field for those economically challenged.

VISION

Comfort Aid International aims to empower the lives of people by providing them an education and economic resources. Driven by their willingness to change for a better tomorrow, our initiatives enable them to become productive members of their societies.

MISSION

To serve individuals and families in the most underprivileged communities around the world. We seek global experience and resources, along with donor support, to promote innovative solutions to societies in need. We believe in creating long term change and promoting self sufficiency by:

- Advancing education
- Establishing health care facilities
- Empowering orphans, widows and other marginalized members of society
- Emergency food and shelter relief
- Building upon community initiative programs
- Promoting self-sustaining economic activities
- Providing emergency relief
- Eliminating discrimination
