Job Description

About HealthNet TPO:

HealthNet TPO is a Netherlands based not for profit, non-governmental organization founded on the principle that access to affordable quality health care is a basic human right.

In 1992 HealthNet TPO was established by 'Doctors without Borders' to bridge the gap between emergency aid and structural development. The organization is now the result of a merger between HealthNet International (HNI) and the Transcultural Psychosocial Organization (TPO). HNI has knowledge and experience in reinforcing healthcare systems and prevention, diagnosis and treatment of transmissible diseases. TPO is an expert in the field of psychosocial and mental health care for survivors of war and natural disasters. HealthNet TPO Afghanistan is managed by a team of qualified Afghans and supported by a team of experts at the HQ of the organization in Holland.

HealthNet TPO Afghanistan is providing Primary Health Care, Mental Health and psychosocial services, fighting malaria and supporting Mother & Child Health Care in terms of providing training for Community Midwives and to conduct operation research. HealthNet TPO is currently implementing projects in almost 20 provinces of Afghanistan and the major program it implements are HER (Health Emergency Response) projects in three provinces, Nutrition, Mental Health and Psychosocial, Malaria Control program, Tuberculosis..... through a community system strengthening approach.

HealthNet TPO has a zero tolerance toward sexual exploitation and abuse and child abuse. HNITPO takes seriously all concerns and complaints about sexual exploitation and abuse and child abuse involving HNITPO employees and Related Personnel.

Job Description:

- To prepare and implement a good micro plan for outreach and mobile programs under the supervision of HF in-charge and related supervisor
